Affects Version/s:	Testing the functionality of the Admin section of the OrangeHRM web page, Version 2
Fix Version/s:	Testing the functionality of the Admin section of the OrangeHRM web page, Version 2

Type:	Bug	**Priority:**	Medium
Reporter:	Testare Manuala	**Assignee:**	Testare Manuala
Resolution:	Done	**Votes:**	0
Labels:	None		
Original Estimate:	Not Specified		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		

Environment

Chrome browser Version 102.0.5005.115

Description

Precondition :

Login into the application using URL: https://opensource-demo.orangehrmlive.com/ with the credentials: Username: Admin, Password: admin123.

Steps to reproduce:
1. Navigate to 'PIM' tab, select 'Configuration' then 'Optional Fields'/'Custom Fields'/'Reporting Methods'/
'Termination Reasons'.
2.Navigate to 'PIM' tab, select 'Add Employee'.
3. Verify which section is displayed in the 'PIM' tab.

Actual result:
In the 'PIM' tab, 'Employee List' is displayed regardless of which section was selected.

Expected result:
In the 'PIM' each section is displayed when it is selected.

Epic Link:	As HR Admin i want to be able to control the system, create logins for general users through ESS Users.

Environment

Chrome browser Version 102.0.5005.115

Description

Precontions :

- I am logged in to https://opensource-demo.orangehrmlive.com with user credentials: Username : Admin, password: admin123.
- a user was created in PIM module

Steps to reproduce:

1. Navigate to Admin > User MAnagement > Users
2. Click 'Add' button
3. Verify the values displayed in the 'user role' dropdown list.

Actual result:

In the 'User role' dropdown only the following 2 values are displayed: 'Admin' and 'ESS'.

Expected result:

In the 'User role' dropdown the following values to be displayed: 'Admin', 'ESS Employee' and 'ESS Supervisor'.

Agile	
Epic Link:	As HR Admin i want to be able to control the system, create logins for general users through ESS Users.

Environment

Chrome browser Version 102.0.5005.115

Description

The website does not save user logins from one Admin account access to another.

Steps to reproduce:

1. Access the site at OrangeHRM and login with credentials: "Admin/admin123"
2. Create a user with username in PIM module.
3. Navigate to PIM>>Add Employee
4. Fill in the values for the all mandatory fields in the page : First Name : Andreea, Last Name : Ion.
5. Click on "Save" button.
6. Navigate to 'PIM' tab, select 'Employee List'
7. Search "Employee Name" in the employee list. Employee is added in the system.
8. Navigate to Admin>> User Management>> Users
9. Click ok "Add" button
10. Fill in the values for the all mandatory fields in the page.
11. Click 'Save' button.
12. Search username in the 'System users' list. User is displayed in the list. The 'System user' page is displayed.
13. In the "System Users" section search the default username: "andreeaion"
14. Observe that the user "andreeaion" is displayed in the list.
15. Logout from OrangeHRM
16. Login again with credentials: "Admin/admin123"
17. Navigate to Admin>> User Management>> Users
18. In the "System Users" section search again the username: "andreeaion" (created in the above steps)

Actual result:
After the search action is performed the user "andreeaion" is not displayed in the list of users logins. The message "No Records Found" is returned. See attachments.

Expected result:

After the search action is performed the user "andreeaion" is successfully displayed in the list of users logins and it can be selected.
